

New Source Review newspaper advertisements for construction permit applications, June 30, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: June 28, June 29, or June 30, 2005. Public notices are generally published every two weeks. The previous publication of public notices was June 14 – 16, 2005.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 02-0080-01/58272) modification of a Rock Crushing Operation located at 1683 Railroad Avenue, Shelbyville, TN 37160. This existing operation consists of rock crushers, screens, conveyors, and associated equipment for the crushing of rock. Wet suppression is used for pollution control. The requested modification is to increase the allowable emissions from the crushing operation. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. Robert Benjamin is the assigned Division person.

For the Bedford County "Shelbyville Times-Gazette"--published once on or before Thursday, June 30, 2005.

The applicant is Bert-CO Industries, dba Bert-CO Graphics with a mailing address of 1855 N. Glendale Blvd., Los Angeles, CA 90026. They seek to obtain an air contaminant permit (Division identification number: 28-0096-02/58270) for construction of a Printing Operation at 260 Bennett Drive, Pulaski, TN 38478. This proposed operation would consist of an 8-color web-fed lithographic printing press, a natural gas-fired dryer, and associated equipment and solvents used in printing operations. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Smith is the assigned Division person.

For the Giles County "Pulaski Citizen"--published once on or before Thursday, June 30, 2005.

The applicant is Ocean Reef Pools, Inc. with a mailing address of 61 Curtis Road, Fayetteville, TN 37334. They seek to obtain an air contaminant permit (Division identification number: 52-0086-01/58260) for construction of a

Fiberglass Pool Manufacturing Operation at 61 Curtis Road, Fayetteville, TN 37334. This proposed operation would consist of a spray booth to spray gelcoat and laminate resin in molds for the fabrication of fiberglass pools. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Ocean Reef Pools, Inc. has agreed to be bound by a permit that limits their potential to emit for hazardous air pollutants (HAP) such that they are below the applicability threshold of 10 tons per year for a single HAP and 25 ton/yr for combined HAPs to opt out of being subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). Ocean Reef Pools, Inc. has also agreed to maintain sufficient records to assure compliance with these emission limits. Ms. G. Latif is the assigned Division person.

For the Lincoln County "Elk Valley Times"--published once on or before Thursday, June 30, 2005.

The applicant is Ford Construction Company with a mailing address of 90 Fiberglass Road, Jackson, TN 38301. They seek to obtain an air contaminant permit (Division identification number: 57-0275-01/58283) for modification of a Drum Mix Asphalt Plant located at the same address. This existing operation consists of a drum mixer, asphalt cement storage, crushed aggregate and associated equipment used to produce hot-mix asphalt. Natural gas, No. 2 fuel oil, and No. 4 fuel oil are used for fuel. A baghouse is used for pollution control. The requested modification is to increase the annual asphalt production limitation. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. M. Smith is the assigned Division person.

For the Madison County "Jackson Sun"--published once on or before Thursday, June 30, 2005.
